

# ATTIC VENTILATION BAFFLES

## ACCUVENT®

### For Manufactured Homes

Specially designed to facilitate roof assembly of modular homes, AccuVent for Manufactured Homes is available in full- and half-sheet widths for ultimate versatility and easy integration into existing manufacturing processes.

### Features & Benefits

- Provides the necessary airflow for preventing mold and mildew.
- Drift Blocker allows insulation to be packed out over the tie plate, preventing drift and costly callbacks.
- Fits 16" and 24" center rafters at any roof pitch.
- 8-foot vent sheet lengths save labor time on the job site.
- Made from 100% recycled, self-extinguishing PVC material (ASTM D1784-06a).

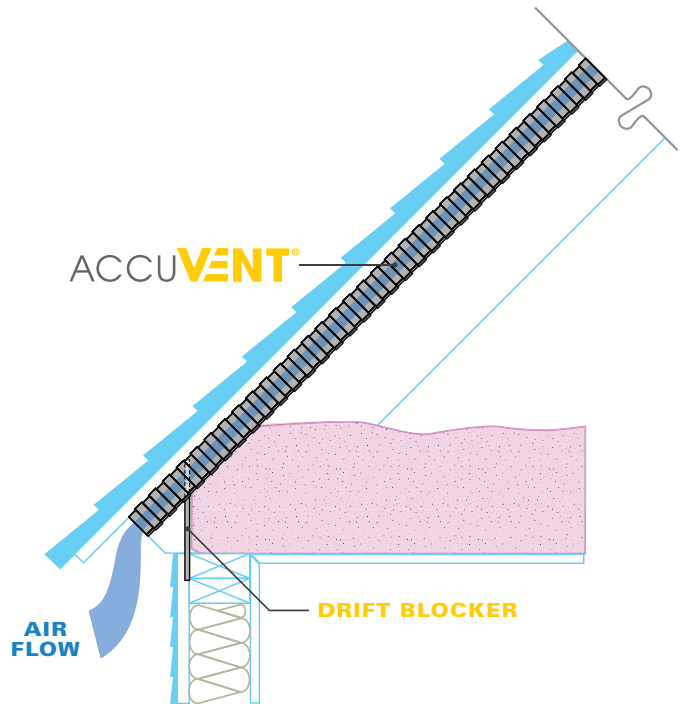

# ATTIC VENTILATION BAFFLES

## AccuVent® for Manufactured Homes

Brentwood's AccuVent baffles for roof ventilation are designed to save energy for cleaner, greener living spaces. The dual function design creates ventilation channels under the roof sheathing for healthy air circulation while integral baffles prevent wind-washing. AccuVent offers a quick and inexpensive solution for builders to ensure proper insulation performance for better energy efficiency and indoor air quality.

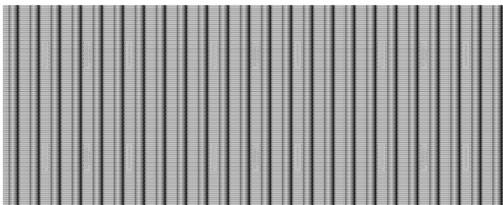

## How it Works

This system works in conjunction with a Drift Blocker to provide high-performance ventilation for manufactured and system-built homes. The Drift Blocker creates an insulation boundary and interfaces with AccuVent to direct air up and over the insulation blanket. Together, these pieces prevent insulation drift and allow for efficient air flow, eliminating costly problems with mold, ice damming, and staining.

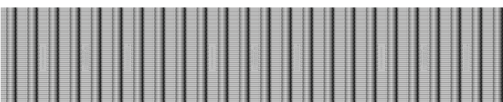

## PRODUCT SPECIFICATIONS

### ACBP18450 FULL SHEET

### ACBP18509 HALF SHEET

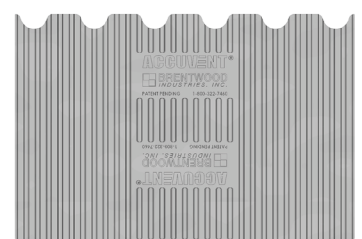

### ACBP18467 7" DRIFT BLOCKER

### ACBP18616 14.5" DRIFT BLOCKER

### ACBP18620 19" DRIFT BLOCKER

PART #	DESCRIPTION	LENGTH	WIDTH	THICKNESS	WEIGHT (PER PIECE)	PALLET QTY.
ACBP18450	Manufactured Home AccuVent 39" x 96" (full sheet)	96"	39"	1.06"	2.2509 lbs	800
ACBP18509	Manufactured Home AccuVent 18" x 96" (half sheet)	96"	18"	1.06"	1.125 lbs	1,600
ACBP18467	Drift Blocker 7" x 22.5" for Manufactured Home	22.5"	7"	.113"	0.088 lbs	5,000
ACBP18616	Drift Blocker 14.5" x 22.5" for Manufactured Home	22.5"	14"	.113"	0.176 lbs	3,000
ACBP18620	Drift Blocker 19" x 22.5" for Manufactured Home	22.5"	19"	.113"	0.2753 lbs	3,000
